

# Comments of World-Famous Men on the CHAUTAUQUA

Keep in Mind that Our City is to Have a Great Seven-Day Chautauqua Program This Season.

Hon. Theodore Roosevelt, Ex-President of the United States,

says:

"The chautauqua is the most distinctively American thing in this country."

Hon. William Jennings Bryan, Secretary of State, says:

"The chautauqua affords one of the best opportunities now presented for the public speaker for the discussion of questions of interest to the people. The audience is a select one and always composed of the thoughtful element of the community, and as they pay admission they stay to hear. I believe that a considerable part of the progress that is now being made along the line of moral and political reforms is traceable to the influence of the chautauqua."

Dr. Frank W. Gunsaulus, the World's Greatest Preacher and President of Armour Institute of Technology, says:

Hon. Champ Clark, Speaker of the National House of Representatives, says:

A great many newspaper wits shoot their shafts at chautauqua lecturers, and certain purse-proud editors undertake to make it a sin for a public man to lecture for pay. They think it the height of sarcasm to refer to a public man as a chautauquan. There is one great virtue in chautauqua money. It is clean money. You do not have to explain where you got it. If a man does not desire to go to hear a lecture, there is no law to compel him to do so. \* \* \* The chautauqua has been a powerful force in directing the political thought of the country, which is largely sociological in these latter days. \* \* \* I defend the chautauqua and the chautauqua lecturer, with whom I have been associated, because they constitute as fine a group of men and women as can be found among the splendid citizenship of America. I have a deep and abiding interest in them, and bid them a hearty godspeed in their work." —From The Arena.

## DECORATION AFTER FEAST TO ORGANIZE LOCAL SOCIETY

The Avalon a Scene of Patriotism and Activity.

### SOLDIERS ARE HONORED.

### Daughters of Confederacy Play

Annual Role of Hostesses.

On account of a counter attraction at Cadiz last Tuesday the number of guests at the Avalon was not as large as usual on the first Tuesday in June, the day when the Daughters of the Confederacy pay tribute to the patriotism and valor of the Southern soldiers.

Preparations had been made for feeding a host; the table reaching nearly from one end of the room to the other. The spread was what only Kentucky women know how to prepare and serve. All feasted on many good things set before them, including ices and cakes.

After the dinner was served the sojourners in Riverside Cemetery were remembered, and the graves of both the Confederate and Federal soldiers were visited and strewn with all the flowers of June, giving tributes to the men who fought in both armies for what they believed to be right.

### ETHEL BARRYMORE

Noted Actress Will Remain With Children.

New York, June 4.—Once more mother's love has won over love of art within the soul of an artist.

This time Ethel Barrymore, whose charm and brilliant acting have made her one of the most loved actresses in this country, has changed the whole course of her career on the stage because of the grievous illness of her sunny-haired, blue-eyed little daughter Ethel. The childless suffering from diphtheria in the Minton Hospital, and the mother watches over night and day.

Today Miss Barrymore, who is Mrs. Russell G. Colt in private life,

### Deafness Cannot Be Cured

by local applications, as they cannot penetrate the membrane portion of the ear where the only cure would be destruction, and this is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or Impairment of hearing which it is difficult to describe. Exercise is the remedy and until the inflammation can be taken out and the tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the membranes.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured.

### PREVENTION OF CRUELTY.

H. W. Robinson, President of The State Society Coming.

The more than 200 of the people of the county and city who, a short time since, expressed their willingness to help in the organization of a society for the prevention of cruelty to animals, are called to meet at The Avalon next Friday night, at 7:30.

The object of the call is to effect an organization and adopt articles of incorporation. Mr. Chas. F. Jarrett, who took the initiative in the movement on behalf of dumb animals, has been in correspondence with Mr. Harry W. Robinson, President of the Kentucky Humane Society, and has arranged for him to come down from Louisville Friday to deliver an address and assist in the organization at night.

As is well known, there is much need of such an organization in this section. Most flagrant violation of existing state laws, laws of humanity, by fiendish men, cruel in the extreme, are of almost daily occurrence in the county and city, and the poor dumb animals have absolutely no protection from brutal men. How sadly true is the following, from the circular of the Kentucky Humane Society: "Kentucky, the home of fine horses, pays the least attention to their treatment."

All who have pledged their support to Mr. Jarrett should be at the Avalon tomorrow night and hear Mr. Robinson.

Spoke over the telephone to a representative of The Democrat.

"I am so happy," she said, "My little daughter has taken turn for the better. She now recognizes those about her and is so changed and spirited.

"It was so cruel for some papers to print that I was detained and quarantined here. I came here because it was the only place on earth where I wanted to be—at the bedside of my baby girl. One never thinks of the stage in a moment like this. I would give up my whole career rather than one of my children.

There is a wonderful fascination in the stage, but greater than this—infinitely greater than this—is the fascination of motherhood. It is what woman, whether an actress or not, lives and yearns for. There, and there alone, do you find the supremest joy. In this crisis I realize more than ever what it all means. Now I know that I can never be away from my children and my home for a single night."

"Does this mean that you will give up your career?"

"Possibly. One thing is certain, I shall never go on tour again. I will appear only in New York."

"If I can arrange a New York season I shall be happy. But managers, you know, want you to go on tour, for it is on tour that the greatest profits are made."

This summer another baby is expected in the Colt home. Miss Barrymore's profits amounted approximately to \$100,000 during a successful season. In this city the profits of a star rarely net over \$25,000, so Miss Barrymore is giving up a President's income to be with her children.

Hopkinsville Girl One.

Lynchburg, Va., June 2.—Four Kentucky girls will graduate from Randolph Macon Woman's College this week. They are Miss Frances Ellis Campbell, of Hopkinsville; Miss Sarah D. Marshall, of Mt. Carmel; Miss Anna Neil Taylor, of Augusta, and Miss Grace Adams Turner, of Glasgow. A list of graduates was announced to-day.
